

Investor Release

## **A communiqué from the Chairman to the Shareholders & Stakeholders**

---

**New Delhi, March 5, 2024**

You would have kindly noted recent headways by the Company in strengthening its financial foundations and setting the stage for future growth. After a conversion of warrants to equity shares was fully completed in calendar year 2023, we embarked on efforts to further enhance capital resources through a preferential offer for warrants convertible into equity, and a Qualified Institutional Placement (QIP); these fresh proposals were approved by Shareholders in January 2024.

It gives me immense pride in saying that both these strategic initiatives were met with enthusiastic participation and were fully subscribed; the promoters also played a part where regulations permitted. While signifying faith and confidence that was reposed in us by esteemed high-quality investors and institutions, these issues also marked the culmination of our foreseeable capital-raising endeavors.

The capital infusion is timely and significant. We have negligible debt levels or payout obligations on the horizon, so we can allocate our healthy net cash additions and the greatly enhanced capital resources essentially towards organic growth.

As communicated frequently, the focus remains on leveraging our core competencies.

Xpro India Limited is a professionally managed and family-led company, with sensible governance ethos and practices, all supported by a significant promoter holding. This blend of governance and professional management has been key in our journey thus far, and will continue to guide us going forward.

This communication does not intend to replace, augment or look beyond the formal releases made by the Company. Rather, it is a personal note of appreciation.

On behalf of the Board, the Promoter Group, and myself, I extend our deepest thanks to each one of you - our long-standing and new stakeholders alike - for your trust, faith and confidence. We look forward to your continued encouragement.
