

## CORPORATE SOCIAL RESPONSIBILITY (CSR) POLICY

The Corporate Social Responsibility (CSR) Committee has been constituted by the Board of Directors of the Company in line with the provisions of the Companies Act, 2013, to:

1. formulate and recommend to the Board, a CSR Policy which shall indicate the activities to be undertaken by the Company
2. recommend the amount of expenditure to be incurred on such activities and
3. monitor the implementation of the said CSR Policy from time to time.

The Board of Directors may from time to time reconstitute the Committee.

Having regard to the Company's size and scope, small steps have been always taken at unit level for social and inclusive development in the local area; however, given the relatively small size and geographical spread, it has not been practical to undertake directly any significant project outside these. The Company thus adopted a policy to support external bodies, including through financial contribution, such as relevant NGOs or Government Relief Funds selected by the Committee.

The Committee will focus on activities in areas, excluding those undertaken in pursuance of normal business of the Company, selected from those identified and prescribed under the Companies Act, 2013 (Annexure) with greater participation in the areas of health and social welfare, efforts towards reducing child mortality, promotion of education & social responsible behaviour, and employment enhancing vocational skills.

The Company will endeavour to spend an amount considered appropriate by the Board, *inter-alia* keeping in view the benchmark annually of 2% of the average net profits of the Company during the 3 immediately preceding financial years. Surplus, if any, arising out of CSR projects shall be ploughed back and will not form part of the business profit of the Company.
